

## TA Data and Reporting Summer Internship

### Description

Our mission is to change the future of banking and to Make Life Easy by creating the best banking experience! To achieve this, we need to hire the right people in a data-driven and efficient way. Therefore, we need to accurately measure quality, speed and volume. Your main challenge will consist of streamlining data in our talent system to generate insightful, clean reports. You'll also be involved in the daily operations of our talent acquisition team, working with a unique hiring process.

Up for the challenge? Kick off your application by taking our assessment and find out if bunq is your perfect match [?](#)[?](#)

### Take ownership

As the bank of The Free, we're here to ensure that every user everywhere can have the best banking experience. You will be taking ownership of:

- Help us streamline the data in our talent system by identifying and solving overlapping or outdated categories or tags.
- Contribute to our talent acquisition KPI tracking dashboards.
- Support the daily TA activities by assisting with planning tasks and candidate communication.

### Requirements

- You are curious about interpreting raw data into business insights.
- You enjoy analyzing data and can create dashboards tailored to specific requests.
- You catch details that others might miss and you are well versed in Excel.
- You are an excellent communicator and speak English fluently.

### Your space to perform

We give you the space and the tools you need to succeed [?](#)[?](#)[?](#)[?](#)

[?](#)[?](#) Great colleagues that share your mindset

[?](#)[?](#)[?](#)[?](#) Working hybrid possibilities

[?](#) Internship compensation of € 1,000 gross monthly
