

## Data Scientist (m/f/x)

### Description

#### Job Location

Warsaw

#### Job Description

We are looking for a passionate Data Scientist who is eager to make an impact on their career and take on a new challenge!

You will join a renowned company improving lives of billions of consumers by applying data science. You'll be welcomed within a large team of Data Scientists with diverse backgrounds and seniorities whereby you will take ownership of an algorithm/model need – across diverse business and technical domains like Media, Retailing, Supply Chain or HR. With the support of this network, it will be your job to own your algorithms & domain.
